

Gratitude

The World Congress of Natural Democracy (WCND) 2026 hereby extends its profound and unequivocal gratitude to all sources of intellectual, visual, auditory, and cultural inspiration, including websites, quotations, statements, images, photographs, heritage edifices, natural landscapes, citizen representations, institutional materials, references, audio-visual recordings, musical compositions, links, and documented news.

Each contribution is respectfully acknowledged as part of our shared human heritage and is utilised solely for educational, illustrative, and non-commercial purposes — to illuminate, cultivate, and promote the ideals of global stewardship, intergenerational responsibility, and the preservation of our planetary and civilisational legacy.

WCND operates without professional or commercial intent, seeking exclusively to foster awareness and engagement with the principle that Earth is our common home, humanity our indivisible family, and collective responsibility the inalienable mandate of all its inhabitants. This ethos is symbolically reflected through representations of the half Earth, heritage landmarks, citizens of diverse nations, and the Universe — signifying the expansive and inclusive scope of our shared human journey.

Finally, WCND and the World Natural Democracy (WND) sincerely express their gratitude to all individuals, institutions, platforms, and mediums whose materials, expressions, or creations — in any form whatsoever — have served as sources of reference, inspiration, or representation within this initiative.

Issued with respect and acknowledgment by:

World Congress of Natural Democracy (WCND) 2026 INDIA

General Secretary

Anil Kumar
